Hey check out the comment (a video attached) to this recent article, particularly the footage with acknowledgements at the end – it was a surprise to me. I didn't know the video was completed. It's been circulating for a while I guess. Some rare footage of the old man at work!

I didn't know this article was being written. There are a couple of quotes from me from an ARSG meeting, not an interview, that I wish hadn't been published.
